

## Flexible ICT Cover

**Last minute holidays. Sickness cover. Extra IT resource.  
Egton can provide skilled IT engineers  
when you need them most at short notice**

During the year, there may be times when you require flexible cover for your full-time ICT staff.

Whether this IT cover is due to last minute holidays, sickness cover, scheduled maternity and paternity leave or even an unexpected large-scale IT project – Egton has the solution - [www.lastminuteengineer.com](http://www.lastminuteengineer.com)

Purchase pre-paid engineer time now, and enjoy hassle-free cover wherever and whenever you need it.

*Low cost,  
short notice -  
guaranteed  
service*

- **Only 48 hours notice required to provide cover lasting up to three days**
- **Only one week's notice required for four or more days' cover**
- **Low cost** - £5,950+VAT per complete month or 22 working days
- **No contract staff** - only fully trained Egton engineers are supplied
- **Call off cover as single days or multiple weeks**
- **Book online** at [www.lastminuteengineer.com](http://www.lastminuteengineer.com)

### All of Egton's engineers are:

- Trained to the highest level
- Experienced with a wide range of UK clinical information systems
- Equipped with a company car and a boot stock of tools and equipment
- Tasked directly by your organisation
- Supported by 200 telephone support staff at the Egton technical call centre.

### Egton

Egton specialises in the supply of ICT infrastructure, application software and value-added services to education, healthcare and other public sector organisations. We are approved by a number of best-of-breed IT equipment manufacturers, such as Hewlett Packard, Fujitsu-Siemens and Brother, to supply, install and maintain their products, and to provide warranty repairs under their Authorised Warranty Providers programs.

Our in-house warranty repair centre has consistently achieved recognition as Hewlett Packard's Number One Service Centre in the UK. Egton also has established partnerships with IBM, Toshiba and Kingston and we are Becta accredited ICT Framework suppliers.
